## Fully Acrylic 3d Letters

Our outdoor products include Construction Signage, Safety Signage, door signs, projecting signs, light boxes, hoarding signs, building wraps, banners, café barriers /windbreaks, flags, way finding signage. Working closely with architects and interior designers, we have produced high quality directional signage in offices, shopping centers, universities, Hospitals etc....

# Indoor & Outdoor Large Format Digital Printing

Our quality large format printing is the perfect method of producing a wide variety of (digital) prints for indoor use. Trade show graphics, retail signs, banners, backlit graphics, window graphics, custom wallpaper murals and wall graphics and floor decals are all examples of the types of large format printing we produce in this category.

Outdoor printing are the large format printing mediums, which are among the most powerful tools for attracting consumers in cities and along interstate through fares across the country. Above the busy streets and crowded squares of every major city, Outdoor billboard advertising is used to promote everything from shopping malls, events/concerts tours, radio shows and sporting events.

We specialize in producing large format graphics. Well-equipped with state-of-the-art printing machines and produce all types / sized indoor and outdoor graphics and are industry leaders in creating environmentally friendly, weather-resistant materials to make your presentation pop.

# Graphic Designing

Graphic Design is an art form and skillfully executed design does not always have to be distinctive. We appreciate that and specialize in design with context and purpose in mind. As a result, we ensure that our end-product is capable of elegantly and effortlessly speaking volumes on behalf of our clients' brand, products or services. We take great pride in our work and it certainly shows! Just a glance through our portfolio will adequately showcase the creative process of our multi-disciplined team of in-house designers and finalizers.

# Fabrication / Painting

## OUTDOOR SIGNBOARDS

We are Providing full service of Fabrication, including customized sheet, Cutting, Drilling, Forming, Bending, Rolling, Welding, Threading, Deburr, Assembly, Painting as per your requirements. Giving a paint finish to your fabrication projects allows you to choose a color that matches your design scheme, while still meeting your machinery needs.

# Ready Made & Customized

T- Shirts, Caps, Bottles, USB's & Paper bags

Ready made & Customized is one of the best gifts for your friends or family. All our products are thoughtfully picked and creatively designed using high-quality printing techniques to ensure that the products you choose remain personal, special, and very unique.

# Kiosks, Flags and Promotional Stands

Kiosks are one of the most practical advertising mediums in the present era. Structured like portable shops, they are placed in high traffic areas and because they are simple to operate and support, make it easier to sell and demonstrate your products and services. Our kiosk will differentiate you from the competition and communicate your marketing messages directly to your targeted audience.

Currently, flags are used on a large scale in the UAE market, with most construction companies, banks, shopping malls and multiple-outlet clothing companies flying flags. The fabric of the flag is printed on one side using a high resolution print, and a mirror image is then seen on the reverse. Screen printing achieves excellent color and sharpness, but flags can also be digitally printed with good results for urgent requirements.
